

Classic

CTCSS/DCS

VOX function

High capacity Li-ion battery

- Output power: 5W
- Chinese/English voice prompt
- Emergency alert
- Wire clone function
- 199 channels
- FM radio receiver, 25 FM memories
- Multi priority scan function
- VOX level adjustable

Classic

Main Functions

- CTCSS /DCS
- DTMF code
- VOX time-lapse function
- VOX grade selectable
- Multi and priority scan
- Low battery alarm
- Frequency difference
- TOT (Time-out-timer)
- BCL (Busy channel lock)
- Group calls
- Channel name setting
- Voice prompt
- PC programmable
- Cable clone
- Channel No. report

Main Radio Parameter		Transmitter		Receiver	
Frequency	136-174MHz 350-390MHz 240MHz,400-470MHz 440MHz,465-520MHz	Output power	5W	RF sensitivity	0.25uV
Channel No	199	Current	< 1.8A	Audio distortion	< 10%
Channel spacing	5, 10, 12.5, 20, 25, 30, 50 KHz optional	Maximum deviation	< 5KHz	Audio power	> 500mW
Antenna impedance	50Ω	CTCSS frequency deviation	0.750Hz±50Hz	Selectivity	> 65dB
Mode of operation	simplex or semi-duplex	Frequency stability	± 2.5ppm	Co-channel suppression	> -8dB
Operating voltage	7.2V DC	Spurious radiation	< 7uW	Adjacent channel Power	> 65dB
Working temperature	-20 to +50°C	Modulation character	+1dB-3dB	Intermodulation	> 60dB
Dimension	113x55x32 mm	Modulation distortion	< 5%	Spurious response	> 55dB
Weight	190g	Modulation sensitivity	12mV	Blocking	> 85dB
